

OPERATIONS MANAGEMENT BINGO

The object of Operation Management Bingo is to achieve a certain pattern on the student bingo card by marking out numbers that are called by the facilitator during the game. The student bingo cards have the Operations Management concepts and theories aligned with the BINGO numbers. Students are required to define the course concepts and theories aligned with the numbers as they place the tokens on the numbers called by the facilitator. BINGO is achieved by spelling out B-I-N-G-O using the numbers and course concepts and theories.

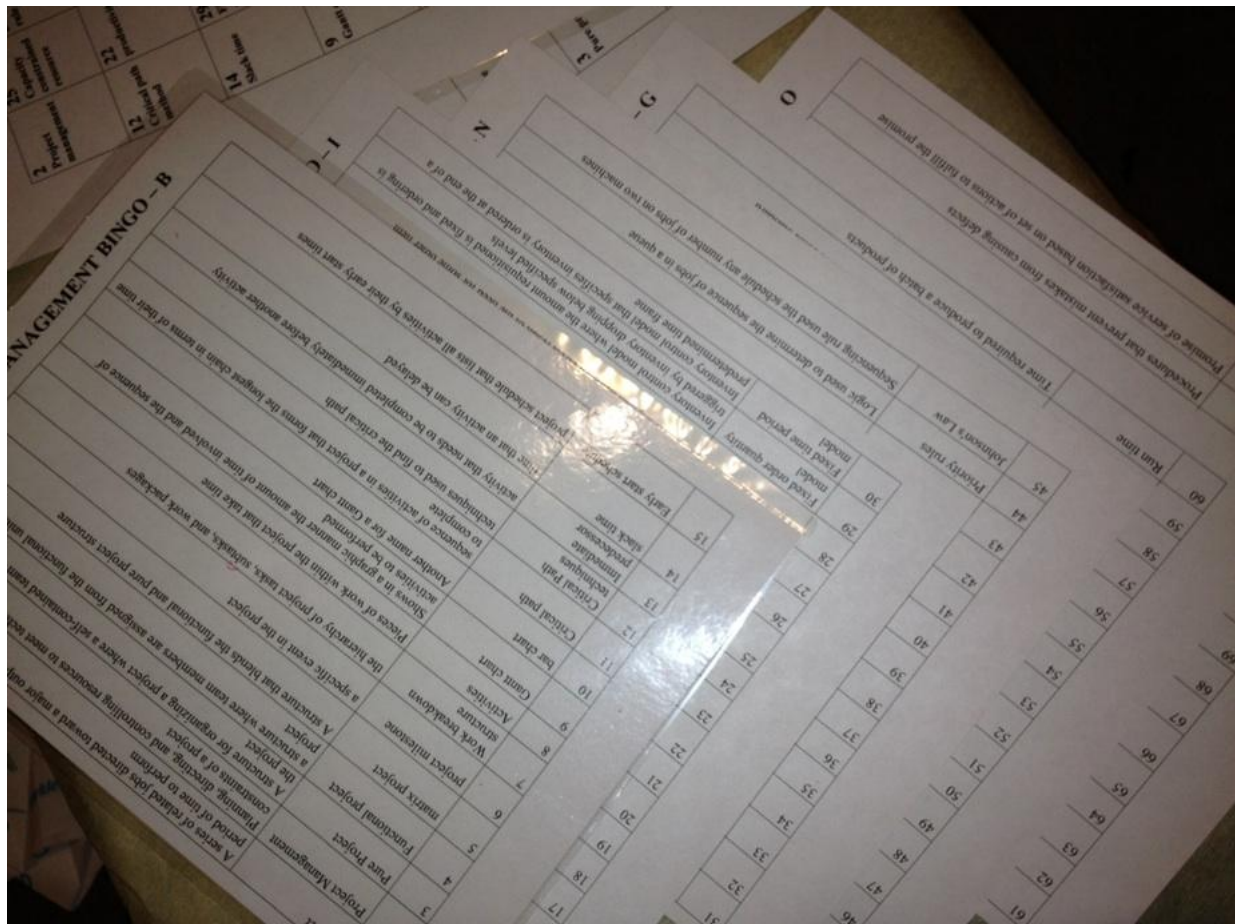

The Operations Management Bingo Game consists of the 5 Laminated Facilitator Bingo Cards, 30 Laminated Student Bingo Cards, and Bingo Caller Numbers (Bingo Cage not included). Laminations provides years of course usage.
